Dear Mr. Tyner:

This letter is to advise you that the 06/29/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R400.8131 (12)	The 2021 Child and Safety Refresher course was not completed by staff members.	Staff members will meet professional development requirements by reading or completing activities related to updated training. In this case the 2021 Health & Safety Refresher course. Program director will monitor.	July-August 2022.
R400.8134 (3)(a)	The children used hand sanitizer to clean their hands before snack time instead of washing hands properly.	Staff and volunteer will have all children wash hands properly before meals, snacks, and food preparation activities. Program director will monitor.	Immediate correction.

R400.8146 (2)	The child care staff provided a parent handbook for the preschool program that was given to each child's parent or guardian, but no written documentation was kept on file.	Information provided to parents will now include a signature page in the beginning of the year preschool packets. The program director will ensure that the parents signed copy is received for each student and filed in each student's file.	Start of 2022-2023 school year.
