III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center's records, including staff records and children's records. Staff records include background checks and training information. Children's records include child information cards, physical examination dates, and immunizations.

During the inspection, the center was found to be in compliance with all applicable rules and statutes except for the following violations:

R 400.8112 Comprehensive background check; fingerprinting.

- (2) An applicant or licensee shall do all of the following:
 (f) Immediately disconnect each individual from the system once he or she is no longer a licensee, licensee designee, child care staff member, child care aide, or an unsupervised volunteer under the license.

Staff that were no longer employed with the center were not disconnected upon leaving.

R 400.8131 Professional development requirements.

- (12) When the department of licensing and regulatory affairs or the department of education publishes a notice that a new health and safety update document or a new health and safety update training activity has been published on MiRegistry, the licensee shall ensure that all personnel read and acknowledge the document or complete the activity within 6 month of the notice.

One staff file reviewed did not have the health and safety refresher completed for 2021.

R 400.8143 Children's records.

- (1) At the time of a child's initial attendance, a center shall obtain a child information card, using a form provided by the department or a comparable substitute, that is completed and signed by the child's parent. The center shall keep it on file and accessible in the center.

Three child files reviewed did not have completed allergy information and had a blank. One child file reviewed did not have a signature on the child information card.

R 400.8340 Food services and nutrition; provided by parents.

- (5) Milk, other beverages, and non-perishable food items may be furnished in a multi-day supply in an unopened commercial container.

35 children's water bottles from home or bottles of milk did not have first and last name on them, 11 preschool aged children's water bottles did not have the date on them.

A corrective action plan was requested and approved on 03/16/2023. It is expected that the corrective action plan be implemented within the specified time frames as outlined in the approved plan. A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

IV. RECOMMENDATION

I recommend issuance of a regular license to this child care center.
