RE: License #: DC050304123

RE: SI LOG #: **Central Lake Public Schools
 8190 W. State Street
 Central Lake, MI 49622**

Dear Ms. Thornton:

This letter is to advise you that the 09/01/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8315(1) Food and equipment storage.	The refrigerators in the infant room did not have thermometers in them.	Program director/licensee designee moved one thermometer from the preschool to the infant room refrigerator, condensed foods into one refrigerator on the infant room, and purchased an additional thermometer. All refrigerators used for children's foods now have a thermometer installed. Morning daily checklists have been updated to include checking for thermometers.	On 08/09/2023 Will arrive by 08/16/2023 Ongoing daily

R 400.8380(1) Maintenance of premises.	The premises were not maintained in a safe condition. Paint cans, ice melt, and cleaners on a janitor's cart in the hallway were accessible to children. A tall bookshelf in the preschool hallway was extremely unstable, creating a potential tipping hazard.	The LD/PD had maintenance staff remove all hazardous items and the tall shelf from the hallways during the inspection. The morning checklists have been updated to include checking for hazardous items and removing them before children arrive.	08/09/2023 Ongoing daily
R 400.8380(4) Maintenance of premises.	Several ceiling tiles in the infant room were missing. One tile in the room was bowed and not fully held in place.	The LD/PD will ensure that maintenance replaces and repairs the missing/loose ceiling tiles. Replacement will take place. The morning checklists have been updated to include checking ceiling tiles.	On 08/09/2023 By 08/11/2023 Ongoing daily

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (231) 922-5309.

Sincerely,

Renee Libby, Licensing Consultant
