Dear Ms. Petrosky:

This letter is to advise you that the 05/25/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8161(1)(e)	Ms. Petrosky did not ensure that the crisis management plan included a plan for bomb threats.	Ms. Petrosky will develop a plan for bomb threats. To maintain compliance, she will review emergency plans with staff twice a year.	August 2022
R 400.8161(2)(h)	During the inspection, I found that the center did not have a plan for a child with a penicillin allergy and a child with an allergy to fragrance in lotions and wipes.	Ms. Petrosky will develop a plan for all children with a chronic medical condition including allergies at enrollment. To maintain compliance, lead teachers will review child records every three months. The two individual emergency plans listed	05/25/2022

		in the rule citation will not be developed since the children will not be enrolled in the program next year and the program is closed for summer.

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
