Dear Ms. Stanton:

Attached is the Original Licensing Study Report for the above referenced facility. The study has determined substantial compliance with applicable licensing statutes and rules. Therefore, an original license with a maximum capacity of 60 is issued.

Please review the attached documentation for accuracy and contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (989) 732-8062.

Per MCL 722.113g, this report must be filed in your Licensing Notebook.

Sincerely,

A handwritten signature in black ink that reads "Donald W. Vita".

III. DESCRIPTION OF FINDINGS & CONCLUSIONS

A. Description of Facility: The child care center is located in the child care wing of the Farwell Elementary School in Farwell, Michigan.

Approved space (room numbers, sizes, capacity and ages of children for which each room/well-defined space is approved, etc.):

It should be noted at the time of the inspection, permanent room numbers were not assigned to classrooms. The following rooms have been approved for child care use space:

Farwell East: This room is temporarily labeled #509 and measures 34 ft. x 28 ft. (952 sq. ft.) There is a 6 ft. x 8 ft. (48 sq. ft.) bathroom that protrudes into this and has been deduced from the child use space. Total available area for children is 904 sq. ft. This supports the requested capacity of 20 children ages 30 months and above.

Farwell North: This room is temporarily labeled #514 and measures 34 ft. x 36 ft. (1224 sq. ft.) There is a 6 ft. x 8 ft. (48 sq. ft.) bathroom that protrudes into this and has been deduced from the child use space. Total available area for children is 1176 sq. ft. This supports the requested capacity of 20 children ages 30 months and above.

Farwell West: This room is temporarily labeled #512 and measures 34 ft. x 36 ft. (1224 sq. ft.) There is a 6 ft. x 8 ft. (48 sq. ft.) bathroom that protrudes into this and has been deduced from the child use space. Total available area for children is 1176 sq. ft. This supports the requested capacity of 20 children ages 30 months and above.

Equipment: There is an adequate amount of play and learning equipment available to support the capacity of 45 children.

Number of sinks and toilets: A total of four toilets and four hand washing sinks are available. This supports the centers capacity of 60 children.

Outdoor play area - location, fenced or not, water hazards: The outdoor play area is located adjacent to the school building and contains permanently installed equipment. It is surrounded by a chain link fence. There are no nearby water hazards.

Documentation if a lead hazard risk assessment was required and the results: A lead hazard risk assessment was not need required as the child care wing of the Farwell Elementary School was constructed in 2020/2021.

Documentation of playground safety: A playground inspection was completed 10/7/2021.

B. Program Description

Ages of children served: The program will serve preschool age children

Proposed days and hours of operation: The program will serve children Monday – Thursday from 7:30 AM until 3:00 PM.

Full or part time (AM or PM sessions or both): The program will offer both full day and AM/PM programs to children.

Other program components - transportation, swimming, food service:
Transportation and food service will be provided via contract with local vendors. Swimming will not be offered.

Name of program director and under what rules the program director is qualified:
The program has three approved program directors (one per room). Ms. Tammy Haiderer is approved under R400.8113(3)(a); Ms. Gina Foster was approved under R400.8113(9)(f) and (16) and Kayla Warner was approved under R400.8113(7)(b) and (12).

Is there a central administrator that meets the administrative requirement? There is no central administrator for this child care center.

Explanation of variance(s), if any: No variances have been granted to this child care center.

C. Rule/Statutory Violations: No rule or statutory violations were observed.

IV. RECOMMENDATION

I recommend issuance of an original license to this child care center.
