Dear Mr. Gnegy:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your center on 05/18/2021. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

When I arrived for the onsite inspection, Ms. Mollie Hallihan was providing care for eight children. I had an opportunity to observe a portion of free choice play, clean up, bathroom, and transition to outside.

The classroom is well organized, inviting, and has a sufficient amount of developmentally appropriate equipment for the children to choose from. Ms. Hallihan moved around the room, engaged in play with children, and expanded language skills. Ms. Hallihan is warm and nurturing.

As a result of the inspection, I did not find any rule or law violations.

During calendar year 2020:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0

You can find a copy of this inspection letter and any associated corrective action plans on our website under Statewide Search for Licensed Child Care Centers and Homes. A description of when inspection letters are completed can be found under Overview of Licensing Reports.
