Dear Ms. Heckman:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your center on 12/06/2021. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

When I arrived for the inspection two child care staff members were welcoming eleven school-age children for after-school care. The classroom was set up prior to the children arriving. Children could choose from markers, play dough, Legos, games, crayons, and pencils.

The center has a sufficient amount of developmentally appropriate equipment for the children to choose from. Child care staff members moved around the room, meeting individual children’s needs. Staff were observed to work as a team providing a positive environment for the children.

As a result of the inspection, I did not find any rule or law violations.

During calendar year 2020:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0

You can find a copy of this inspection letter and any associated corrective action plans on our website under Statewide Search for Licensed Child Care Centers and Homes. A description of when inspection letters are completed can be found under Overview of Licensing Reports.
