Dear Cassandra Kinsey:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your center on 04/12/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

When I arrived for the inspection three child care staff members were providing care for twenty four children. I had an opportunity to observe free choice, snack, picture day, and clean up. Children enjoyed mini-muffins, raisins, applesauce, and water for snack.

Child care staff engaged with children meeting individual children’s needs. Staff have excellent communication skills with children; making eye contact and getting down to their level. When needed, staff work with children on conflict resolution. The classroom is well organized, inviting, and has a sufficient amount of developmentally appropriate equipment for the children to choose from.

While onsite, I reviewed five staff files and ten children’s files. Staff and children’s files were organized and complete. Emergency plans, discipline policy, and the policy for screening and supervision of volunteers were also reviewed.

As a result of the inspection, I did not find any rule or law violations.

During calendar year 2021:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0

Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0
