Dear Ms. Cowan:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your center on 04/11/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

When I arrived for the inspection five child care staff members were providing care for twenty nine children. I had an opportunity to observe the end of rest time, free choice time, clean up, and snack. Child care staff use excellent communication skills while meeting individual children’s needs. Classrooms are well organized, inviting, and have a sufficient amount of developmentally appropriate equipment for the children to choose from.

While onsite, I reviewed five staff files and ten children’s files. Staff and children’s files were organized and complete. Emergency plans, discipline policy, and the policy for screening and supervision of volunteers were also reviewed.

As a result of the inspection, I did not find any rule or law violations.

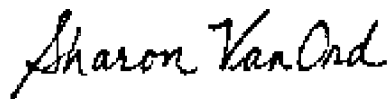

During calendar year 2021:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0

You can find a copy of this inspection letter and any associated corrective action plans on our website under Statewide Search for Licensed Child Care Centers and Homes. A description of when inspection letters are completed can be found under Overview of Licensing Reports.
