Findings of the Inspection

A copy of this Interim inspection report and any associated corrective action plans is available on the Child Care Licensing Bureau [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of when interim inspection reports are completed can be found under [Overview of Licensing Reports](#).

The purpose of the Interim inspection was to determine compliance with applicable licensing statutes and administrative rules for child care Center.

I observed children engaged in resting, free play, and outdoor play. The children appeared happy and bonded to caregivers. Caregivers were nurturing and caring towards children.

During the Interim inspection, licensing consultant Kelly Millar found 2 violations. The violations are listed and explained below. An acceptable written corrective action plan was received on 5/8/2024.

Due to the infant safe sleep violation(s), all of the facility's infant child care staff members must take training on infant safe sleep. This must be included in the facility's corrective action plan and completed by 5/24/2024. In addition, a follow up inspection may be made to check compliance with the infant safe sleep rules.

If you have any questions regarding the report, please contact licensing consultant, Kelly Millar, at (989) 385-6683. In the event that Kelly Millar is not available, and you need to speak to someone immediately, please contact the Child Care Licensing Bureau at 517-284-9730.
