Dear Ms. Gunn:

This letter is to advise you that the 08/03/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8128 Staff; volunteer; tuberculosis.	At the time of the inspection, one of the new employees had not completed a TB test prior to starting.	Program director Brooke Gunn agreed to have this completed immediately.	Within 1 week
R 400.8340(3) Food services and nutrition; provided by parents.	At the time of the inspection, I observed 4 milk containers that were not labeled with the opening date.	Ms. Gunn will remind staff and retrain them so this happens each time.	Immediately and ongoing
R 400.8335(8)(a) Food services and nutrition; provided by center.	At the time of the inspection, I observed unlabeled bottles in the infant room and toddler room.	Ms. Gunn will remind them and retrain them so this happens each time.	Immediately and ongoing

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (517) 284-9730.

Per MCL 722.113g, this report and any related corrective action plans must be filed in your Licensing Notebook.

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

Sincerely,

A handwritten signature in cursive script that reads "Lisa Gundry".
