III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center’s records, including staff records and children’s records. Staff records include background checks and training information. Children’s records include child information cards, physical examination dates, and immunizations.

The facility is in compliance with all applicable rules and statutes.

- On September 8, 2022, I provided technical assistance to Kelli Webb, licensee designee regarding updating facility forms to include the updated Written Information Packet Documentation (CCL-4340). A copy of the form was provided to Ms. Webb via email. On September 8, 2022, Julia Orr, Education Coordinator, indicated the facility is awaiting warranty work on the paint for the front ramp, rear stairs, and unit skirting. The paint is chipping and in need of repair. Ms. Orr is aware of this requirement and will continue to follow up with the company.

IV. RECOMMENDATION

I recommend issuance of a regular license to this child care center.
