08/18/2021 Inspection Completed-Lead Hazard Risk Assessment-Approved
08/26/2021 Modification Request Received
08/26/2021 Inspection Completed Onsite

IV. Description of Findings and Conclusions

The terms of the original license have been modified on October 18, 2007, May 29, 2013, October 14, 2013, September 11, 2015, and August 27, 2021.

The program is located in the Clio Early Elementary Building. The building also houses other child care licenses.

On August 26, 2021 I inspected and approved the following as child use space:

- Room 108 is 24 ft. x 27 ft., providing a total of 648 square feet. This accommodates the requested capacity of 18 children aged 5 through 12 years.
- Room 109 is 25 ft. x 27 ft., providing a total of 675 square feet. This accommodates the requested capacity of 18 children aged 5 through 12 years.

The following area were previously inspected and approved as child use space:

- Room 102 is 28 ft. x 26 ft., providing a total of 728 square feet. This accommodates the requested capacity of 20 children aged 3-5 years.

The following area is approved as additional child care use space and was not used to determine the center's total capacity:

- The large motor room is 36 ft. x 25 ft., providing a total of 900 square feet. This is enough space to accommodate the requested capacity of 20 children aged 3-5 years.

The classrooms and the large motor room are furnished with a wide variety of developmentally appropriate equipment sufficient for the center's capacity.

There are a total of 6 hand washing sinks, 7 toilets, and 4 urinals available for children in care. This supports the center's capacity.

The total space is sufficient to accommodate the requested capacity of 56 children ages 3 through 12 years.

The preschool children aged 3-5 years utilize the fenced play area in the rear portion of the building. The school-aged children 5 through 12 years utilize the nearby public playground by walking to it along the sidewalks.

V. Recommendation

I recommend the approval to add rooms 108 and 109 as additional child use space, add a school-age component (children aged through 12 years), increase the total capacity to 56 children, add transportation, and change the hours to 6:30 am-6:00 pm Monday-Friday.
