**III. DESCRIPTION OF FINDINGS & CONCLUSIONS**

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center’s records, including staff records and children’s records. Staff records include background checks and training information. Children’s records include child information cards, physical examination dates, and immunizations.

During the inspection, the center was found to be in compliance with all applicable rules and statutes except for the following violations:

**R 400.8335**

**Food services and nutrition; provided by center.**

(1) Food and beverages provided by a center must be of sufficient quantity and nutritional quality to provide for the dietary needs of each child according to the minimum meal requirements of the child and adult care food program (CACFP), as administered by the Michigan department of education, based on 7 CFR part 226, 1-1-18 edition, (2018) of the United States Department of Agriculture, Food and Nutrition Service, CACFP, and is hereby adopted by reference. A copy can be obtained at no cost from CACFP at <http://www.fns.usda.gov/cacfp/meals-and-snacks>. In addition, a copy is available for inspection and distribution at no cost at the Michigan Department of Licensing and Regulatory Affairs, Bureau of Community and Health Systems, Child Care Division, 611 West Ottawa Street, Lansing, MI 48933.

I observed whole milk served to children with snack in unit 5.

**IV. RECOMMENDATION**
