RE: License #: DC250313504
Genesee Academy Early Learning Center
9447 Corunna Rd
Swartz Creek, MI 48473

Dear Ms. Jondy:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 05/04/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

The violations that were found are:

R 400.8131 Professional development requirements.

(12) When the department of licensing and regulatory affairs or the department of education publishes a notice that a new health and safety update document or a new health and safety update training activity has been published on MiRegistry, the licensee shall ensure that all personnel read and acknowledge the document or complete the activity within 6 months of the notice.

At the time of the onsite inspection, one child care staff member, Rana Shukairy, was lacking verification of the 2020 Health and Safety Refresher training.

R 400.8131 Professional development requirements.

(4) Before unsupervised contact with children, all child care staff members who work directly with children shall complete prevention and control of infectious disease training, including immunizations.

At the time of the onsite inspection, one child care staff member, Janice Alm, was lacking verification of Health and Safety Course 1 and Course 2.

R 400.8131 Professional development requirements.

(5) Within 90 days of being hired, or the first day as an unsupervised volunteer, all child care staff members and unsupervised volunteers who work directly with children shall complete the following trainings, which may count toward annual professional development hours and are available at MiRegistry:

- (a) Administration of medication.
- (b) Prevention of and response to emergencies due to food and allergic reactions.
- (c) Building and physical premises safety.
- (d) Emergency preparedness and response planning.
- (e) Handling and storage of hazardous materials and appropriate disposal of bio-contaminants.
- (f) Precautions in transporting children, if applicable.
- (g) Child development.

At the time of the onsite inspection, one child care staff member, Janice Alm, was lacking verification of Health and Safety Course 1 and Course 2.

- On May 4, 2023, I provided technical assistance to Ms. Jondy regarding the 5-year re-print process and updating the Written Information Packet Document form to the most recent version. The facility is in the process of fixing a broken tile trim section under the projector area in the preschool classroom.

On 05/04/2023, you gave us an acceptable written corrective action plan.

During calendar year 2022:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0

Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0
