RE: License #: DC250335702
Madison Academy Elementary
6170 Torrey Road
Flint, MI 48507

Dear Ms. Badgley:

Attached is the Addendum to the Original Licensing Study Report for the above referenced facility.

Please review the enclosed documentation for accuracy and contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (517) 284-9730.

Per MCL 722.113g, this report must be filed in your licensing notebook.

Sincerely,

A handwritten signature in cursive script that reads "Catherine Edgar".

I. IDENTIFYING INFORMATION

License #:	DC250335702
Licensee Name:	Madison Public School Academy
Address:	6170 Torrey Road Flint, MI 48507
Licensee Telephone #:	(810) 655-2949
Administrator/Licensee Designee:	
Name of Facility:	Madison Academy Elementary
Facility Address:	6170 Torrey Road Flint, MI 48507
Facility Telephone #:	(810) 655-2949
Capacity:	35
Program Type:	CHILD CARE CENTER

II. Purpose of Addendum

On June 15, 2022, the licensee requested approval of a 2nd GSRP classroom and a capacity increase from 16 children to 35 children.

III. Methodology

06/15/2022 – Modification Request Received

08/08/2022 – Inspection Completed Onsite.

IV. Description of Findings and Conclusions

The terms of the original license have been modified on July 28, 2014, June 12, 2018, and September 4, 2019.

The GSRP preschool program is housed in Madison Academy, which is a charter school serving grades Kindergarten through 8th.

The approved child care use space is as follows:

- Room 217 is 28 ft. x 21ft, plus 23 ft. x 5 ft., providing a total of 703 Square feet. This can accommodate the requested capacity of 16 Preschool age children (ages 2 ½ -6 years).
- Room 219 is 28 ft. x 21ft, plus 23 ft. x 5 ft., providing a total of 703 Square feet. This can accommodate the requested capacity of 16 Preschool age children (ages 2 ½ -6 years)

The following rooms/areas have been approved for child care use but have not been used to determine the center's licensed capacity as these are spaces shared with children at the school:

- The gym is approximately 93 ft. x 72 ft., providing a total of 6,696 square feet. This can accommodate the center's licensed capacity.
- The computer/media room is 41 ft. x 28 ft., providing a total of 1,149 square feet. This can accommodate the center's licensed capacity.

Rooms 217 and 219 each have one toilet and one handwashing sink. There are additional school bathrooms located in the hallway where the two classrooms are located for an additional 8 handwashing sinks, 6 toilets, and 2 urinals. This supports the capacity increase.

The center has a wide variety of materials, equipment, and supplies suitable for the increased capacity.

An Environmental Health Inspection was completed on all use space at the time of original license issuance. A Fire Safety Inspection is not required as this is a school building. The school building was built after 1978 so a lead hazard risk assessment is not required.

V. Recommendation

I recommend approval of Room 217 as an additional GSRP Preschool classroom and a capacity increase from 16 children to 35 children ages 2 ½ and older.

Catherine Edgar
