Dear Ms. Kaiser:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your center on 07/26/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

There were no rule violations.

During calendar year 2022:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0

During the inspection, I provided Ms. Kaiser technical assistance and consultation on the following rules:

- Water Temperature. During the inspection, Ms. Kaiser turned the water temp down. It was testing 124 degrees Fahrenheit in the bathroom.
- Posting the daily schedule in the school age room (corrected onsite)
- Labeling the milk that was opened that morning in the preschool and school age rooms (corrected onsite)
- Replacing the torn diaper pad in the infant/toddler room (corrected onsite)
- Monitoring the refrigerator temperature. They were reading about 50 degrees Fahrenheit and they were turned down to a cooler setting.

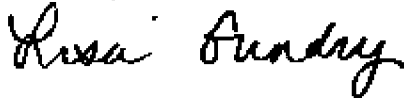

- We discussed the wash/rinse/sanitize process and using bleach water solution versus Clorox Bleach bottles, which may be too strong.
