**III. DESCRIPTION OF FINDINGS & CONCLUSIONS**

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center’s records, including staff records and children’s records. Staff records include background checks and training information. Children’s records include child information cards, physical examination dates, and immunizations.

The facility is in compliance with all applicable rules and statutes.

On February 9, 2023, I provided technical assistance to Cindy Hoover, Education Coordinator regarding a potential leak in Room 117. Ms. Hoover will contact the school district regarding the concern.

**IV. RECOMMENDATION**

I recommend issuance of a regular license to this child care center.
