III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center’s records, including staff records and children’s records. Staff records include background checks and training information. Children’s records include child information cards, physical examination dates, and immunizations.

During the inspection, the center was found to be in compliance with all applicable rules and statutes except for the following violations:

R 400.8131 Professional development requirements.

(6) All child care staff members who work directly with children shall complete 16 clock hours of professional development annually on topics relevant to job responsibilities that include, but are not limited to, any of the following subjects:

- (a) Child development and learning.
- (b) Health, safety, and nutrition.
- (c) Family and community collaboration.
- (d) Program management.
- (e) Teaching and learning.
- (f) Observation, documentation, and assessment.
- (g) Interactions and guidance.
- (h) Child care center administrative rules.

In calendar year 2022, child care staff members Brandi Nichols completed 9.5 clock hours of training, Cecely Tyll completed 8.5 clock hours, and Breonna Givens completed 15 clock hours.

R 400.8340 Food services and nutrition; provided by parents.

(3) Breast milk, formula, milk, other beverages, and food furnished in a same-day supply must be covered and labeled with the child's first and last name and the date.

I observed that bottles and/or beverage containers in the refrigerators were not labeled with the child's first and last names and/or dated.

R 400.8380 Maintenance of premises.

(5) There must be no flaking or deteriorating paint on interior and exterior surfaces or on equipment accessible to children.

I observed flaking paint accessible to children on various walls in various rooms.

A corrective action plan was requested and approved on 01/18/2023. It is expected that the corrective action plan be implemented within the specified time frames as outlined in the approved plan. A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

IV. RECOMMENDATION

I recommend issuance of a regular license to this child care center.
