IV. Description of Findings and Conclusions

The original terms of the license were modified on June 15, 2022.

The child care center is located on Center Rd., just north of Bristol Rd. in Burton.

The facility has 4 classrooms, 3 bathrooms, and an office. The office will not be used as child use space.

- Room 1 is 21 ft. x 20 ft., providing a total of 420 square feet. This space is sufficient for 12 children aged 2.5 to 12 years, or 8 children ages birth to 2.5. At this time the licensee will be using the room for children ages birth to 2.5. This room has a diapering station and a sink used exclusively for handwashing.

- Room 2 is 13 ft. x 12 ft. + 8 ft. x 5 ft., providing a total of 196 square feet. This space is sufficient for 4 children aged birth to 2.5 years.

- Room 3 is 11 ft. x 12 ft. + 11 ft. x 19 ft., providing a total of 353 square feet. This space is sufficient for 10 children aged 2.5 to 12 years.

- Room 4 measures 12 ft. x 9 ft. + 9 ft. x 7 ft., providing a total of 171 square feet. This space is sufficient for 5 children aged 2.5 to 12 years. This room will periodically be used for play activities or for school age children. Adequate supervision will occur in this room at all times.

The total approved space is sufficient for 31 children aged birth to 12 years, based on the total square footage of the child care areas. The licensee understands that the capacity, ratio and group size is based on the age of the youngest child utilizing the space.

Environmental health, a fire safety inspection and lead inspection were completed at the time of original issuance; new inspections are not required.

Outdoor play will occur in a full fenced courtyard area measuring 30 ft. x 48 ft., providing 1,440 square feet of play area. The courtyard is located behind the building adjacent to the parking area. The paved area in the back of the paved parking lot will be used as an additional play area. The play areas do not contain any water hazards. Direct supervision will be provided at all times.

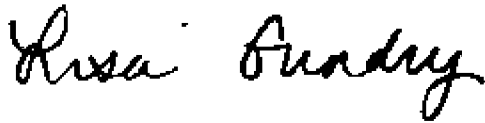

The program does not offer swimming. Food service will be provided by the center including, breakfast, lunch, and two snacks daily. The food will be prepared onsite.

Terms:

The center is approved for a total capacity of 31 children age birth through 12 years.

V. Recommendation

I recommend the change in age range in Room 1 for children ages birth to 2.5. This will not change the capacity of the center, but the licensee understands that the maximum capacity in that room is now 8.
