| R 400.8143 | <p>On November 22, 2023, I observed several child information cards to be incomplete or missing information. I showed Ms. Lester Child B, Child C, Child D, Child E, Child F, Child G's cards, which were missing information on special needs and instructions. She agreed to check that the children's cards are completely filled out. I also showed her where to print the latest version of the child information card.</p> | <p>The cards have already been updated and will be monitored ongoing.</p> | |
| R 400.8182(3) | <p>On November 22, 2023, I observed the toddler room without any staff members when CCSM2 took the dishes to the kitchen. While interviewing Ms. Lester, CCSM2 walked past us to go to the kitchen. I had just interviewed CCSM2 while she was working alone in the classroom. I asked Ms. Lester who was in the room while she was gone and she indicated that no one was in the room. Since the children were all sleeping, she just needed to take the lunch dishes back to the kitchen for a couple minutes. I explained that the room must always be supervised by a staff person for the safety and wellbeing of the children. Therefore, they are out of ratio and there could also</p> | <p>The staff will be retrained in ratio requirements.</p> | <p>During a staff meeting on 4/10/2024</p> |
