Dear Terri Falkenberg,

This letter is to advise you that the 4/1/2024 corrective action plan you submitted, regarding each rule violation cited in the recently completed Inspection, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8335(1)	At the time of the onsite inspection, a snack menu reviewed for a previous week identified only one food component was served with two out of four snacks served. Snacks are required to have two food components.	The snack menu will be updated and snacks will be sure to include two food components each day the students are in session.	Two components will be served immediately and updates will be made to the snack menu for next week and beyond.
R 400.8152(5)	At the time of the onsite inspection, two staff owned medications were on a desk within reach of child care children.	All medications will be put away and out of the reach of children.	Immediately. The staff put them away and will no longer have any medications within reach of students.

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
