Dear Abigail Matthiesen,

This letter is to advise you that the 12/13/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Child Care Case Incident, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8385(1)	On 12/11/2023, tube sand, which is harmful if inhaled and can be irritating to the skin and tissues, was placed in the sensory table where several children played with it for a period of up to five minutes.	Containers of poisonous or toxic materials will be clearly labeled for easy identification of contents and stored out of reach of children.	12/13/2023

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
