Dear Ms. Barnes,

This letter is to advise you that the 4/23/2024 corrective action plan you submitted, regarding each rule violation cited in the recently completed Inspection, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8110(5)	There was one classroom that was over capacity. Children were moved to the other classroom and capacity was compliant. The Program Director stated this is the number of children they have had in that classroom since they started, and she did not realize she was over capacity. Moving forward she will maintain licensed capacity in both classrooms.	At the time of the inspection children were moved to another classroom to maintain compliance. Moving forward capacity will be maintained per licensing rules.	4/4/2024 and ongoing

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
