IV. Description of Findings and Conclusions

The terms of the original license have been modified on 8/25/2020.

Tinkey's Tots is located in the Queen of the Miraculous School in Jackson. The building is an operating school for children kindergarten through sixth grade.

The center's approved use space includes:

- **The Preschool Room** measures 21 feet x 49 feet [(9.5 feet x 6 feet) + (2.5 feet x 21 feet)] for a total of 919.5 square feet. This is enough space for **26 children ages 3 to 12 years.**
- **Classroom 102** measures 33.5 feet x 19.5 feet for a total of 653.25 square feet. This is enough space for **18 children ages 3 to 12 years.**

The following is approved as additional use space and was not used to determine the center's overall capacity:

- **The Gymnasium** measures 82 feet x 66 feet for a total of 5412 square feet. This is enough space to accommodate the center's **capacity of 89 children** at one time.

There is a total of 6 toilets and 6 sinks available for children to use. This is enough to support the center's capacity of 89 children.

V. Recommendation

I recommend the addition of Classroom 102 to be used as child use space.
