Findings of the Inspection

A copy of this renewal inspection report and any associated corrective action plans is available on the Child Care Licensing Bureau [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of when renewal inspection reports are completed can be found under [Overview of Licensing Reports](#).

The renewal inspection involved a review of all applicable child care center [administrative rules](#) and [statutes](#). Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center's records, including staff records and children's records. Staff records include background checks and training information. Children's records include child information cards, physical examination dates, and immunizations.

I provided a rule review regarding infant safe sleep and the center's written emergency plans.

If you have any questions regarding the report, please contact licensing consultant, Jenny Brundage, at (517) 262-9717. In the event that Jenny Brundage is not available and you need to speak to someone immediately, please contact the Child Care Licensing Bureau at 517-284-9730.
