II. Purpose of Addendum

I received a modification request from program director, Cody Blair to add classroom 110 to the license.

III. Methodology

08/17/2022 – Modification request received.

08/22/2022 – Inspection completed onsite.

09/16/2022 – Pictures received of classroom equipment.

09/22/2022 – Pictures received of classroom play materials.

IV. Description of Findings and Conclusions

The terms of the original license have been modified on 03/09/2021 and 09/22/2022.

Early Impressions Little Panthers is located in Woodville Community Center in Jackson. The building is an active school as it serves high school students.

The newly added classroom, 110 measures 29.11 ft. x 24 ft. This equals to 698.64 sq. ft. and accommodates a maximum of 20 children between the ages of 3 and 12 years. This classroom will primarily be used as a preschool classroom for children between the ages of 3 and 4 years, however the center has requested to use this space for additional age groups in cases of emergencies. Mr. Blair understands rule 400.8182(7), that if there are children of mixed ages in the same room or well-defined space, then the ratio and group size shall be determined by the age of the youngest child.

The following rooms continue to be approved and include:

- Room A103 measures 27 ft. x 28 ft., plus 3 ft. x 14 ft. This equals 798 sq. ft. and accommodates 22 children ages 3-5 years.
- Room A104 measures 27 ft. x 28 ft., plus 3 ft. x 14 ft. This equals 798 sq. ft. and accommodates 22 children ages 2 ½ -12 years. If children age 2 ½ to 3 years are present in this room, the maximum group size of children is 16.
- Room A105 measures 27 ft. x 30 ft. This equals 810 sq. ft and accommodates 23 children ages 2 ½ to 12 years. If children age 2 ½ to 3 years are present in this room, the maximum group size of children is 16 children.

- Room A112 measures 27 ft. x 30 ft. This equals 810 sq. ft and accommodates 23 children ages 2 ½ to 12 years. If children age 2 ½ to 3 years are present in this room, the maximum group size of children is 16 children.
- Room A114 measures 26 ft. x 22 ft., plus 8 ft. x 19 ft. This equals 724 sq. ft. and accommodates 12 children ages birth to 3 years old.
- The gymnasium measures 48 ft. x 70 ft. This equals 3360 sq. ft and accommodates 96 children ages 2 ½ and older. If children age 2 ½ to 3 years old are present in this room, the maximum group size of children is 16 children.

Terms:

The center will operate year-round, Monday through Friday, 6:00am to 6:00pm. The center will care for children ages birth to 12 years. The center will offer both full time and part time care. The child care center will provide two ready-to-eat snacks. The center does not provide transportation or swimming activities.

V. Recommendation

I recommend adding classroom 110 as additional child care use space and increasing the center capacity from 102, to 122.
