Dear Ms. Mentink:

This letter is to advise you that the 03/17/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
400.8112(2)(e) Comprehensive background check; fingerprinting.	A child care staff member was not connected to the departments child care background check system to this license as required.	Ms. Bullinger will connect this child care staff member to this license in CCBC.	03/18/2022
400.8176(12) Sleeping equipment.	Three cribs in the infant classroom had large, loose-fitting sheets in the cribs.	Ms. Bullinger will ensure the crib sheets are replaced with tight fitting sheets.	03/21/2022
400.8176(13) Sleeping equipment.	A 6 month old was observed to be sleeping with a blanket during my renewal inspection.	Ms. Bullinger will ensure all infant staff members re-take the infant safe sleep training and will have all staff members follow infant safe sleep guidelines.	03/25/2022

400.8380(1) Maintenance of premises.	The preschool classroom had bleach, borax and cleaning supplies underneath the sink, accessible to child care children.	Ms. Bullinger will add child locks to the cupboards, making them inaccessible to children.	03/21/2022

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
