Staff records include background checks and training information. Children’s records include child information cards, physical examination dates, and immunizations.

During my onsite inspection I observed free play, large group and lunch time. Interactions between child care staff members and child care children were positive. A rule review was provided in regards to staff attendance and required postings.

The facility is in compliance with all applicable rules and statutes.

**IV. RECOMMENDATION**

I recommend issuance of a regular child care license to this center.
