Dear Ms. Ahrens:

This letter is to advise you that the 05/10/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Special Investigation Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8125(1)	The toddler room child care staff members did not provide appropriate supervision to Child A when she was left on the playground, separated from their class.	The toddler classroom routine has been revised to allow for safer travel to the playground as of 2/17/23. Children now get ready for recess in their classroom and exit the classroom directly onto the playground to prevent wandering and crossing so many doorway thresholds. This new process provides safer travel and easier logistics for toddler teachers.	2/17/2023

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (517) 284-9730.

Sincerely,
