Dear Jessica Rabine,

This letter is to advise you that the 2/29/2024 corrective action plan you submitted, regarding each rule violation cited in the recently completed Inspection, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8128	One child care staff member did not complete her TB test showing freedom from communicable tuberculosis until 9 months after working at the facility.	Going forward, new hires will be required to complete the TB test and get results before starting work within the center.	2/29/2024
R 400.8131(6)	One out of three child care staff members only completed 9 of the required 16 hours of professional development for 2022.	Going forward, all staff will complete the required 16 hours of professional development for the year incrementally, as to ensure that all hours are completed by the end of the year in a timely manner.	2/29/2024

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
