Dear Ms. Blodgett:

This letter is to advise you that the 11/22/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Special Investigation Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R400.8125(1) Staff; volunteer; requirements	Appropriate care and supervision did not occur when two child care children were sent into the school building from outside on the playground to use the bathroom unattended	Staff will have all children take a bathroom break before heading outside for outdoor play. Staff will take a group of children inside with them to supervise if a child needs to use the bathroom while they are outside. Children will also be supervised when inside the building for activities and having to use the bathroom.	11/112022 and continuous

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions at (269) 568-2686.
