Dear Ms. Kwekel:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your center on 12/01/2021. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During the inspection, I reviewed fire safety, sleep equipment, child records, background check records, MiRegistry Trainings, child-child care staff member interactions, tornado/fire drills, criminal background paperwork, diapering/toileting, and programming. The center consists of two classrooms but only one classroom is operating at this time. There were nine children present with three child care staff members during the inspection. While onsite, I observed nap time, snack time, and free play. The classroom had a sufficient amount of developmentally appropriate equipment accessible to children. The center uses the Creative Curriculum by Teaching Strategies to meet the educational needs of the child care children.

Technical Assistance and Consultation were provided on the following:

- I provided guidance on the Child Care Background Check (CCBC) website.

As a result of the inspection, I did not find any rule or law violations.

During calendar year 2020:	Total
Number of serious injuries that occurred in facility.	0

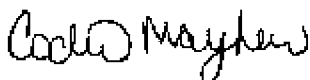

Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0
