Dear Ms. Campbell:

This letter is to advise you that the 01/11/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Interim Inspection Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R400.8112(2)(e)	During the on-site inspection, child care staff members Regan Vicari and Wendy Zant were not connected to the center's child care background check profile.	After the application has received a background check and passed the fingerprint portion, they will be connected to the respected license that the individual is associated with. Once an individual is no longer employed, they shall be disconnected from the license immediately. The program director will be approved and connected to the licensee as soon as we get the approval. The central administrator will be responsible for making sure licensees have	01/11/2023

		the correct staff connected and disconnected at all times. Continuing compliance will be maintained by weekly checks

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (517) 284-9730.
