Dear Ms. Bramble-Romeo:

This letter is to advise you that the 02/03/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8134(3)(a) Hand washing.	Before dinner some of the children washed their hand and some did not.	Staff will ensure children wash their hands before eating.	02/03/2022
R 400.8315(1) Food and equipment storage.	I was not able to find a thermometer in the cooler used to house the milk used for meals.	Licensee designee, Ms. Bramble-Romeo will ensure a thermometer is maintained in the milk cooler.	02/03/2022
R 400.8380(7) Maintenance of premises.	Two wall vents in the gymnasium are very dusty and not considered in good repair.	The vents have been cleaned. Ms. Bramble-Romeo submitted photographs to the bureau to document compliance.	02/03/2022

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (616) 356-0183.
