Dear Ms. Bramble-Romeo:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 03/23/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During my on-site inspection I observed dinner, homework time, and early dismissal. There were 17 children present with two child care staff members providing appropriate care and supervision. Staff interacted with children in a positive and friendly manner. I heard staff use reminders and problem solving as positive discipline strategies. Staff maintained required child-to-staff ratios and group sized during programming and transitions. They ensured that children followed hand washing requirements before eating. Staff ensured to follow sanitization requirements of multi-purpose tables. Center, child, and staff records were organized and complete.

I provided technical assistance and consultation on supervision at dismissal and supervision of volunteers.

As a result of the inspection, I did not find any rule or law violations.

During calendar year 2021:	Total
Number of serious injuries that occurred in facility.	1
Number of deaths that occurred in the facility.	0

Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0
