II. Purpose of Addendum

On September 26, 2022, I received a Request for Modification form (CCL-5054) from program director, Kathlaine Moore requesting disapproval of the Orange Room since it is not being used currently.

III. Methodology

09/26/2022 Modification Request Received; on-site

09/26/2022 Inspection Completed On-Site

IV. Description of Findings and Conclusions

The terms of the license have been modified on 10/05/2017, 07/23/2020, 11/09/2021, 02/17/2022, and 09/26/2022.

The Bethlehem Intergenerational Center is located in the south-west quadrant of Grand Rapids near the intersection of Division Street and Wealthy Street. The center is housed on the second floor (west wing) of the Bethlehem Lutheran Church.

The center is comprised of four rooms:

- Room 217 (Blue room) is 31 ft. X 22 ft. providing a total of 700 square feet. This can accommodate 14 children under the age of 30 months of age.
- Room 225 (Red room) measures 26 ft. X 36 ft. providing a total of 943 square feet. This can accommodate 27 children over the age of 30 months of age.
- Room 108 (Green room) measures 26 ft. X 23 ft. providing a total of 638 square feet. This can accommodate 17 children over the age of 30 months.
- Room 107 (Purple Room) is 30 ft. X 18 ft. providing a total of 540 square feet. This can accommodate 10 children under the age of 30 months or 15 children over the age of 30 months.

The total space is sufficient for a total center capacity of 73 children, infant through 5 years of age.

There is a total of 13 handwashing sinks and ten toilets located throughout the wing. This supports the center's capacity.

The rooms are furnished with a variety of age-appropriate equipment.

The center has a playground with play equipment suited for young children. There is surfacing under the structures, even though none are over 30 inches in height. The playground is entirely enclosed by fencing and an adjoining building. There are no water hazards on the property. The older children will be taken to a nearby park within walking distance for outdoor activities.

An "A" rated environmental health inspection for the center was completed on 08/26/2022. An "A" rated fire inspection was completed on 09/18/2022. A lead hazard risk assessment was completed and passed on 10/01/2007.

Terms:

The center is approved for a total capacity of 73 children ages birth through 5 years.

The program is approved for a full meal service and provides breakfast, snacks, and lunch.

V. Recommendation

I recommend disapproval of the Orange Room.
