Dear Ms. Bramble-Romeo:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 03/13/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During my on-site inspection there were ten children present with two child care staff members providing appropriate care and supervision. I observed arrival, dinner, and homework time. Staff were providing appropriate care and supervision. They interacted with children in a positive and friendly manner. They engaged in conversations with the children and used reminders as positive discipline strategies. Staff ensured they and the children were following hand washing requirements. Staff ensured they were following sanitization requirements of multi-purpose tables. Center, staff, and child records were organized, complete and made readily available.

As a result of the inspection, I did not find any rule or law violations.

I provided technical assistance and consultation on the following rules:

- R 400.8161(5) Emergency Procedures; ensuring fire drills are completed quarterly.
- R 400.8173(2) Equipment; ensuring the current recall list is posted.
- R 400.8315(1) Food and equipment storage; ensure the refrigerator used to store food maintains a temperature of 41 degrees Fahrenheit or below.
