**III. DESCRIPTION OF FINDINGS & CONCLUSIONS**

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center’s records, including staff records and children’s records. Staff records include background checks and training information. Children’s records include child information cards, physical examination dates, and immunizations.

During my on-site visit I observed children engaged in creating crafts. I observed positive interactions between staff, volunteers, and children in care.

The facility is in compliance with all applicable rules and statutes.

**IV. RECOMMENDATION**

I recommend issuance of a regular license to this child care center.
