Dear Emily Dunn,

This letter is to advise you that the 11/21/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Child Care Case Incident, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8125(1)	A child with a known milk allergy consumed milk from a cup intended for another child and had an allergic reaction. Child care staff members did not provide appropriate care and supervision when allowing the child to access a known allergen.	Each classroom now has a staff member sitting at the table before any food or milk is served. The toddler classrooms that have milk allergies are now using cups with lids as opposed to open cups. Directors will be checking in with classrooms to be sure new protocols are being maintained.	Current and Ongoing

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
