Dear Ms. Bramble-Romeo:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 11/21/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During my on-site inspection I observed arrival, dinner, and the academic period. There were 22 children in attendance with two child care staff members providing appropriate care and supervision. Staff interacting with children in a positive and friendly manner. I heard staff use reminders and redirection as positive discipline strategies. The center, child, and staff files were organized and made readily available.

I provided technical assistance and consultation on the following rules:

- R 400.8112(2)(a) Comprehensive background check; fingerprinting; ensuring that the required consent and disclosure forms contain actual signatures instead of electronic signatures.
- R 400.8143(1) Children's records; ensuring that the child information card is completed with all the required information according to the instructions on the card.

As a result of the inspection, I did not find any rule or law violations.

During calendar year 2021:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0
