Dear Mrs. Moore:

This letter is to advise you that the 12/16/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Special Investigation Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

R 400.8140(2)(a)	Ms. Ginzinger used a prohibited means of discipline when she hit Child A in the face.	Immediately following this incident, a mandatory faculty meeting was held to discuss the importance of using appropriate discipline, especially when feeling overwhelmed or frustrated. Administration encouraged teachers to be mindful of their interactions with students during times of frustration and to ask for a break or suggest a break to a coworker who seems upset. Administrators conducted more frequent	12/16/2022

		observations and offered hands on behavior guidance to students who seem to struggle with redirection. These policies and practices are continually reviewed and enforced to ensure that teachers feel supported and students remain safe.

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (517) 284-9730.
