Dear Mrs. Mooney:

This letter is to advise you that the 02/03/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Special Investigation Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R400.8125	Appropriate care and supervision were not provided to children. The center has not maintained appropriate staff to child ratios for approximately two weeks. Child Care Staff Members are unable to adequately provide for each child's needs when they are consistently responsible to care for too many children at one time.	Training was provided to staff members regarding electronic record keeping to accurately maintain attendance of children. Staff members were also trained regarding telephone reporting processes to prevent overages from occurring. An early child hood recruitment firm was hired to assist in obtaining qualified staff members. A total of 19 new staff members have been hired since these violations were established.	5/13/2022
