Dear Mrs. Farias:

This letter is to advise you that the 07/11/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8315 (1)	There was no thermometer in the refrigerator of the Preschool 3's classroom or the Infant classroom.	Program Director bought and installed thermometer in both classrooms.	07/11/2023
R 400.8340 (7)	The bottles in the Preschool 3's classroom and the Infant classroom were not labeled with child's first and last name.	Program Director provider training to staff regarding the proper way to label bottles which includes the child's entire first and last name.	07/11/2023

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (616) 356-0183.
