III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center’s records, including staff records and children’s records. Staff records include background checks and training information. Children’s records include child information cards, physical examination dates, and immunizations.

During the inspection, the center was found to be in compliance with all applicable rules and statutes except for the following violations:

R 400.8128 Staff; volunteer; tuberculosis.

A center shall keep on file at the center evidence to verify that each child care staff member and each volunteer who has contact with children at least 4 hours per week for more than 2 consecutive weeks is free from communicable tuberculosis (TB). Verification of TB status is required within 1 year before employment or volunteering.

At the time of the onsite inspection, Three of five staff records reviewed were missing verification of negative TB test results.

R 400.8131 Professional development requirements.

(12) When the department of licensing and regulatory affairs or the department of education publishes a notice that a new health and safety update document or a new health and safety update training activity has been published on MiRegistry, the licensee shall ensure that all personnel read and acknowledge the document or complete the activity within 6 month of the notice.

At the time of the onsite inspection, program director Vanessa Ziobro had not completed the required 2022 Health & Safety refresher Trainings. The link to it can be found here: 2022: <https://go.miregistry.org/register.aspx?evid=122262>

R 400.8131 Professional development requirements.

(5) Within 90 days of being hired, or the first day as an unsupervised volunteer, all child care staff members and unsupervised volunteers who work directly with children shall complete the following trainings, which may count toward annual professional development hours and are available at MiRegistry:

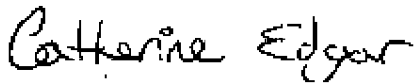

- (a) Administration of medication.
- (b) Prevention of and response to emergencies due to food and allergic reactions.
- (c) Building and physical premises safety.
- (d) Emergency preparedness and response planning.
- (e) Handling and storage of hazardous materials and appropriate disposal of bio-contaminants.
- (f) Precautions in transporting children, if applicable.
- (g) Child development.

At the time of the onsite inspection four of five staff records reviewed were missing verification of the required Health & Safety Training For Licensed Child Care Providers 1 & 2. A link to this training can be found at: [Health and Safety Training Courses Available for Licensed Child Care Providers! - miregistry](#)

A corrective action plan was requested and approved on 03/08/2023. It is expected that the corrective action plan be implemented within the specified time frames as outlined in the approved plan. A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

IV. RECOMMENDATION

I recommend issuance of a regular license to this child care center.
