III. Methodology

7/20/2022 Modification request received.

IV. Description of Findings and Conclusions

The terms of the original license have been modified on 9/27/2022.

Friends and Family Daycare is in a free-standing building located in Clinton, MI. The Friends and Family Daycare provides infant and toddler care, preschool classrooms, and school age care.

Room 1 measures 25 feet x 12 feet, plus 25 feet x 12 feet providing 600 total square feet. This is enough space for **12 infants and toddlers ages birth to 18 months.**

Room 2 measures 41 feet x 14 feet, plus 5 feet x 7 feet providing 609 total square feet. This is enough space for **12 toddlers ages 12 months to 30 months.**

Room 3 is one large space divided down the middle by tall cubbies, creating two smaller spaces. **Side one** measures 20 feet x 29 feet providing 580 total square feet. This is enough space for **16 children ages 30 months to 3 years.** **Side two** measures 20 feet x 29 feet providing 580 total square feet. This is enough space for **16 children ages 30 months to 3 years.**

Room 4 measures 35 feet x 34 feet providing 1,190 total square feet. This is enough space for **34 children ages 3 to 12 years.**

The licensee designee understands if there are mixed age groups in the above listed rooms, the ratio is based on the ratio requirements of the youngest child.

This is enough space to accommodate the center's capacity of 90 children. Each room has the maximum number of children allowed listed above; however, the total maximum capacity for this center at any one time is 90 children.

The 90 children may be distributed throughout the above listed rooms. The licensee designee understands that at least 1 lead caregiver shall be assigned to each group of children in a self-contained or well-defined space.

V. Recommendation

I recommend approval of the age range in room 2 to be changed from 18 months to 30 months to 12 months to 30 months,

Stacy Wables
