IV. Description of Findings and Conclusions

The terms of the original license have been modified on May 3, 2012, September 9, 2015, 09/14/2018 and 01/26/2022.

The following rooms are approved for childcare and counted in capacity:

- Young Preschool room (The Moose) is 34 ft. x 20 ft., providing a total of 680 square feet. This allows for a total capacity of 19 children ages 2 ½ years of age and older. The center is reminded that the group size for 2 ½ to 3-years old is 16 and will have to abide by that number in this area until all the children turn 3 years old. There is one sink in this room.
- Preschool room 1 (The Frogs) is 34 ft. x 20 ft., providing a total of 680 square feet. This allows for a total capacity of 19 children ages 3 years of age and older. There is one sink in this room.
- Preschool room 2 (The Owls) is 34 ft. x 20 ft., providing a total of 680 square feet. This allows for a total capacity of 19 children ages 3 years of age and older. There is one sink in this room.
- Half Day Preschool Room (The butterflies) is 17 ft. x 11 ft. and 17 ft. 13 ft. and 17 ft. x 8 ft.; providing a total of 544 square feet. This allows for a total capacity of 15 children ages 3 years of age and older. There is one sink in this room.

The large open space at the end of the preschool room's hallway is used by the preschool children, but is not counted towards the center's capacity. The open space provided a total of 665 square feet. This allows for a total capacity of 19 children 3 years of age and older.

There are 6 toilets, 4 urinals and 12 sinks for the children's use, which is sufficient for the capacity of 57.

V. Recommendation

I recommend adding a half day preschool classroom and increasing the capacity to 72.
