Dear Ms. Myers:

This letter is to advise you that the 11/18/2021 corrective action plan you submitted, regarding each rule violation cited in the recently completed Interim Inspection Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8385 Poisonous or toxic materials.	In the Preschool Classroom, there was a bottle of Bioesque Botanical Disinfectant Solution stored in an unsecured cabinet under the hand washing sink, where it is accessible to the children in care.  The chemical was removed during the inspection.	The chemical will be stored in a locked cabinet away from the children.	Immediately.

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (517) 284-9730.

Sincerely,

A handwritten signature in cursive script that reads "Thanh C. Biehl".
