Dear Ms. Ramirez,

This letter is to advise you that the 7/23/2024 corrective action plan you submitted, regarding each rule violation cited in the recently completed Inspection, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8167(3)	The child care center is using Classroom 135 for the children in care. This room has not been inspected or approved by the department.	The child care center will contact the Health Department to request an inspection. Moving forward, the child care center will notify the department and obtain prior approval before using a room for the children in care.	By August 9, 2024

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
