RE: License #: DC470399796
For Kids Sake Early Lrng Ctr - ZZ Summer Camp
P.O. Box 952
125 East Unadilla Street
Pinckney, MI 48169

Dear Mrs. Amy:

Attached is the Addendum to the Original Licensing Study Report for the above referenced facility.

Please review the enclosed documentation for accuracy and contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (248) 975-5053.

Per MCL 722.113g, this report must be filed in your licensing notebook.

Sincerely,

A handwritten signature in black ink that reads "Thanh C. Biehl".

04/06/2023 Inspection Completed On-site

IV. Description of Findings and Conclusions

The terms of the original license have been modified on April 24, 2023.

- On January 13, 2023, the licensee, Mrs. Amy, submitted a modification form to: Approve a new classroom for the school-age summer camp, increase the capacity will increase from 27 to 34, and change the days of operation, add Saturday 7:00 A.M. -5:30 P.M.

The child care center is located in Community Congregational Church in Pinckney, MI. This is a summer program that operates Monday through Saturday from 7:00 A.M. – 5:30 P.M., June through August. The program offers full time and part time care for children ages 5 years through 12 years old.

There is no swimming or food service. Parents are responsible to provide snacks and lunch for their child.

The child care program will use public transportation for field trips, the Livingston Essential Transportation Service (L.E.T.S.).

The child care program will be using classrooms located on the lower level of the church. **The approved space is as follows:**

- **Main Room** is measured at 23.33 x 19.17 plus 17.42 x 16.0 = 725.80 total sq. ft. At 35 square feet per child, the capacity of this room is 21 children.

- **Activity Room** is measured at $16.83 \times 12.25 = 206.20$ sq. ft. At 35 square feet per child, the capacity of this room is 6 children.
- **Lunch Room** is measured at $20.0 \times 12.0 = 240.0$ sq. ft. At 35 square feet per child, the capacity of this room is 7 children.

The capacity of the center at any one time cannot exceed 34 children.

There is a total of eight toilets, seven hand washing sinks and one urinal available to the children in care:

- There is a bathroom located down the hallway from the rooms with one toilet and one hand washing sink.
- There is a bathroom located directly from the main stairway with two toilets and two hand washing sinks.
- There are girl's and boy's bathrooms located on the main level. The girl's bathroom has three toilets and two hand washing sinks. The boy's bathroom has two toilets, one urinal and two hand washing sinks.

The children in care will be using the public park located across the street from the center. The playground is fenced with a climbing structure. A playground inspection is not required.

There are no water hazards near the child care center or playground.

The church was built in 1992. A lead hazard risk assessment is not required. School-age program only.

V. Recommendation

I recommend approving the new classroom, increasing the capacity to 34, and adding Saturday from 7:00 A.M. -5:30 P.M.
